

Reinstatement of a Suspended Certificate

Effective February 1, 2010, educators whose certificates have been suspended are required to pay a re-instatement fee of \$95.00 as well as meet all other requirements listed in the State Board orders of suspension. Once the requirements of the State Board order are met and the re-instatement fee is paid, the educator will be eligible to receive a certificate contingent upon the educator meeting all applicable certification requirements in effect at the time the suspension is removed.

An educator whose suspension is completed can pay the reinstatement fee online [here](#) or can send the \$95.00 fee payment by check or money order to the following address.
